

Owen & Copperas Ponds

Access from: Rte 86, approx 10 km east of Art Devlin's motor lodge (this trailhead has limited parking on both sides of highway where a small stream crosses)

Highway to Owen Pond: approx 1 km; to Copperas Pond: approx 2 km from highway

Difficulty: Moderate

Description: Hike up a gentle grade through open forest to Owen Pond: pretty, but a lot of logs in it and difficult to find a good picnic spot; carry on to Copperas Pond. At Copperas Pond, there is a lean-to, and/or several lovely spots with good views of Whiteface Mtn.

Avoid the shorter but very steep "north trail", which is closer to the large highway-side parking area just west of the narrow part of Wilmington Notch.
